THAT TEXAS MURDER CASE.

of San Marcial.

Last week there were some new deelopments in the Chris Linzel murwhich W. A. Sneppard was arrested in San Marcial a couple of months ago, and has since been in jail at Al-pine. The Ozona Kicker states that pine. The Ozona Kicker states that Charley Shaw, who is serving a term in the penitentiary of that state for cattle-stealing and who promised to icad the officers to the spot where he had seen Sneppard and his son-in-law been several weeks for the benefit of in a deep gorge so rough as to make the health of Mrs. Smith's little son, it almost impossible for a human bebody of Linzel but its dust in ashes and plain evidence of its having been looking gloomy for Sheppard and Green, we quote the language used by the Kicker before Shaw led the offi-"Now, however, in case Shaw comstances show conclusively we say hang them. At the present it looks very much as if such is the case.

YOUNG GIRLS, BEWARE.

Albuquerque is Posessed of a Female Assaulter -- "Who Is Harry?"

IS HE FROM WICKED DENVER.

Last pight when Miss Lula Hall reached the corner of Coal avenue and South First street a few minutes bethe Salvation Army barracks a mar HOSTETTER'S grabbed her by the arm and threw h down. Before she could rise the brut kicked her severely on the leg. When screamed several times the fellow walked north on First street. Abou this time J. W. Harlin, the Chilli ran cher, happened along and was asked ome importment questions by became so inquisitive and abusive Mr. Harton, that the latter felt ob iged to take him down a notch or two cy giving him a well-deserved heating he was getting up from his drul ing another man came along who ad reused him as "Harry." Mr. Harian allowed the would-be assaulter to go his way, and who ever "Harry" might is a question that has not yet been candages today, as Mr. Harlan do not claim to have been tenient with that part of the man's anatomy.

The girl's screams attracted the at cention of a lady en route to the he home of her mother at No. 500 outh First street. Miss Hall is only 7 years old and is a nice of Con-table James H. Smith. When seen y a reporter for The Citizen this rning she said the man was about fact 8 inches in height, weight about 125 ponuds, wore a dark mus ache, black felt hat and dark clothes ad when they were passing in front the vacant store building on the ener of Coal avenue and First stree grabbed her, and threw her to the ound with great force.

Marshal McMillin believes "Harry in the city, and it is not at all im-robable but that he will be located and given a centence that he justly deserves for the dastardly assault which cent girl.

WALLACE OIL COMPANY.

Organized the Other Day and Now Already for Business. As mentioned in The Citizen of the 12th inst., the Wallace Oil company has been organized with beadquarters in this city. The directors of the con pany are all men well known in Albu querque and throughout the territory as conservative and reliable business men, who would carefully invectigate sty proposition submitted to them b embarking in the enterprise With that knowledge to go on a r porter for this paper desiring to give the public generally information as to c location of the oil fields and other tems of interest in connection with he company was accorded an interlew by one of the principal directors opment of the property and from him gleaned the following facts. In April of a thousand mile journey. The of who has taken an active part in devel last year one of the present board of directors chiained information in ef. fect that a spring on the lands now
